Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

The implementation of this new rail line will greatly impact our town's traffic and cause great safety issues. I can tell you from having lived here 7 years that getting around and through town now is a challenge. Getting to the food store, getting to the high school and to football practice have to be carefully planned as it is to make it on time with the train traffic we have now.

Many times my high-schoolers have called me from the car to call them in late because they were stuck waiting for the train.

Please please consider the safety of our kids when deciding.
