Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

The fact that toxic and hazardous material will be permitted to travel within 1000 feet of a public school is a travesty. If there is ever a "Columbine" type event where the chemicals were used to go against the school, are the STB and CN ready to accept liability? The liability due to the quadrupling of emergency response time due directly to their trains? Are they prepared for the stopping of trains they propose at 40 mph through a residential area where a Metra line goes through? The 2 mile long train would create a complete stoppage of the STAR line and all Metra development. People first!!

Also, my neighborhood is 100% blocked with a stopped train in the event of an emergency for my 1 year old son from the hospital!!

LISTEN TO THE PEOPLE!
WE VOTE!!!

YOUR INPUT IS IMPORTANT!
