

Dear President Harrison

We are residents of Monroeville, Ill.,
and are against your proposed
purchase of the E. J. and E. railroad.
The traffic, and safety issues are
in jeopardy by this sale. We
have only one street (Cicero Ave)
direct to the Matteson, Ill.

shopping area. The impact of your
plan to run 28 trains a day
through our neighborhood and
village would not only be a
safety hazard, but environmental
impact would be disastrous

Glyn Stewart
