Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-28-08 ²⁵

Comments must be submitted by September 30, 2008.

After listening to the public forum on the purchase of The E.J. Railway by C.N. I am even more convinced that this sale cannot go through. The impact on the people are just too great. My house is a year and half old. Who is going to compensate my financial loss. My house has the tracks running about a few hundred feet from it. It will ruin my quality of life. So I urge you not to let this go through.

YOUR INPUT IS IMPORTANT!
