

Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 9-7-08

Dear STB:

Please do not allow additional freight traffic into our Barrington community without traffic bypasses at all 3 intersections in the Village. Currently, our traffic situation is ridiculous. Our family avoids the Village whenever possible because of congestion. It will shut down our town if we incur more downtimes from trains. In addition, our safety for emergency vehicles and school bus crossings will be very compromised. Families will suffer. What types of hazardous materials could potentially spill in our small town? Transportation is important to all, but at what cost to Barrington's livelihood for CN's gain?! We do not want our community destroyed along with our property values.

Thank you.
Julie Kapchuk & Family
