Hi Ron,

No problem. Please send in the supplemental information as soon as it is finalized.

Thanks,
Danielle

Subject: First Information Request Response

Daniella,
In connection with our First Information Request Response dated September 7, 2016, we have received comments from Olin regarding the ongoing operations of the portion of the property dedicated to "Plant B" based on their commitments to the EPA, which may result in modifications to our response "8" and the tracks as labeled on the attachment. We believe the comments to be final and we will know this by Monday, Sept. 12th. We will then have what we require to include the appropriate information for revision or as a supplement. We request an extension to September 24th to provide the aforementioned revisions.
Ron Klempner
