Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

- The "stop" at the Broad Street train crossing is terrible when a train goes by, or is stopped there from 3:00 to 5:00. The steel mill traffic is coming down (south) on Broad St. and the backup is terrible!
- Do a survey of the length of cars that get stopped by a train at the Broad St. crossing when a shift from the steel mills gets off work!
