Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

We do not want this sale to Canadian National Railway of the E J & E Railway - My reasons are as follows.

II / - Safety - for our children from the high school who walk past these tracks For the fire + police departments to be able to do their jobs

2 - Health & Environment - Access to Good Shepherd Hospital for citizens south of the tracks.

To prevent the noise of the trains & pollution to our citizens

3 - Economics -

Will destroy citizens being able to freely
come & go thru different shopping centers
& banks - drug stores, etc in our
community - this will cause ~~much~~ many
hardships in these tough times.

4. Impact on Metro lines which also run parallel to these tracks.

3. Congestion - Traffic is slowed by the Traffic from Metro we have now -- to add # J.E. traffic would paralyze this community

YOUR INPUT IS IMPORTANT!
