Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8/27

Comments must be submitted by September 30, 2008.

The increase in train traffic would greatly affect my families lifestyle in Barrington. We cross the track many times each day to get to school & work - The Congestion is already heavy for our community the increase would be unlivable - my neighborhood is bounded by the RR & ~~was~~ the increase in traffic will definitely reduce our property values greatly! We live fine with the current train traffic, we bought our home knowing about the train to increase the traffic to the proposed level ~~to is~~ NOT fair ~~the~~ to the current property owners - Thank You so much for letting us express our views!
