Transcript:

My comments regarding the Canadian National purchase of the EJ&E have to do with my deep concern about infrastructure improvements that need to be done before you bring in additional trains to the EJ&E. For this particular area, I am concerned that it would only lead to gridlock, you know we've got a lot of people that are very angry, very upset, if this isn't taken care of prior to the Canadian National being allowed to bring their trains into this area. That's the end of my comments. Thank you.
