RE: CN Railway Company/EJ&E
STB Finance Docket No. 35087

Dear Secretary Quinlan:

Harvey experiences heavy train congestion, something that presents a traffic and safety problem. I support CN's proposal to acquire a portion of the Elgin, Joliet & Eastern rail line, and re-route many of CN's freight trains away from our area.

There are trains that sometimes stop for hours, and one can be stuck in traffic indefinitely as a result. I have actually been in traffic for two hours before because of trains. Ashland Avenue is a particular trouble spot for traffic because of the number of railroads.

Also, there is a park where children play at 149th & Ashland in Harvey. With so many trains coming through each day, there is a safety problem due to kids always being able to find a way to get on or near tracks.

I have lived in Harvey for 38 years and have therefore seen the train congestion for a long time now. Please support CN's proposal to finally help reduce it.

Sincerely,

Lillie Eddins
