

080213.Vonnahme

Hi my name is Tracey Vonnahme, I'm calling in reference to STB Finance Docket 35087. I live at 2327 Spike Horn Avenue, Naperville IL, 60564. I'm just calling, I tried to submit a comment electronically, and it came back to me so I don't know what I did wrong there, but anyways, just voicing my concern or opposition to this railroad situation. Just from my understanding of the number of trains increase, I travel over some of those railroads and have already come across, I feel like, a lot of traffic back up. One instance seems to be... one area seems to be hard to get over there, almost a traffic situation that seems dangerous because everyone is trying to get out and it gets so backed up. But also, I guess I have a little concern over what is being carried in the cargo. I heard some of it is ...bad fumes or something, I don't think anyone in their city would like the risk of that leaking or having trouble there but especially Naperville, the general area having so many kids surrounding that place, or those places, where the railroad runs through would be a concern. So, that's all, just would prefer that not to happen I guess, thank you, goodbye.
