Thanks Cathy it was my pleasure to host the others and to make sure that everyone felt comfortable including all the agencies.

And thank you as a federal agency to allow us some time for the gift giving.

I thought it was a unique opportunity to showcase and display Cheyenne culture in the form of gift-giving but also taking a tour and showcasing cultural sites and oral histories of those that have ancestral lands in the area of potential effect

Your leadership and willingness to be flexible made the consultation meeting a success!!

I would suspect that it would include the tribes as part of the gift giving and any others you feel might be important...there are stores in Sheridan but I'm not sure what is open on Sundays....it also depends on what you are wanting to buy as a gift also...I can ask around to see if there is something open on Sunday....or I can give you a call later.
