STB Finance Docket No. 35087

I am writiing to let you know I am against the purchase of the 38 trains that are trying to cross Cicero daily. I am in a small SubDivision Meadow Lake Estates and do not want to conatantly hear trains, as well as being stopped while traveling, also worrying about hazardous materials; accidents do happen. I do not want our daily air quality to suffer as well. Why not buy out the SubDivision Meadow Lake Estates so we will not have to suffer from the things that were not here when we purchased our home? This is truly devastating. Just purchase our homes and do as you please.
