Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/28/08

Comments must be submitted by September 30, 2008.

I am adamantly opposed to the CN acquisition because I own a home and business in the Village of Barrington. I am concerned about the traffic complications and the effect on my property values as well as the impact on my business.

If the acquisition impacts the daily commutes to my employees (I have 6) by 30 minutes or more, I may have difficulty in retaining them or attracting new employees.

Also I am concerned about the flow (or restriction of flow) of fire trucks / police / ambulances. If the CN acquisition does go thru, they should be 100% responsible for the changes that will be required to raise or lower the town tracks as necessary without one nickel of expense to the taxpayer.
