Please refer to STB Finance Docket No. 35087 in all correspondence addressed to the Surface Transportation Board. Comments must be submitted by February 1, 2008.

My husband and I are very concerned about the safety issues this RR imposes especially in regards to schools, recreation and sport activities, and the elderly that must cross 2 sets of tracks to get to the grocery store. Traffic congestion is already at its max. Real property values are at stake. Business and doctors offices will be highly impacted. We implore the Board to look carefully at this particular city's problems. If it is inevitable, can restrictions be placed on length of trains, and timing to avoid rush hours, school dismissals and have more trains running in evenings rather than day times? Barrington will change as a community if this situation cannot be resolved equitably.
