Dear Mr. Navecky:

I would like to express my concerns over the proposed Great Lakes Basin Transportation, LLC rail line project. Docket # 35952. I oppose the project and ask the Surface Transportation Board to deny the proposal. My concerns are:

I have a bad heart and lungs and need to use the
ambulance at times. With the railroad there will be closing
of roads which will make it very difficult to get to a hospital
in an emergency.

This railroad will be going thru farm lands. We live on
a farm which grows soybeans & corn. You know how important our
farms are to feed our Country What about all the children that won't
be able to play in there yards. I would think you elected officials
should think long and hard before They O.K. this
