Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/28/08

Comments must be submitted by September 30, 2008.

I have owned a dance studio in Barrington for over 20 yrs. I have attended this studio for 40 years. My family has lived in Barrington for more than 20 years. The acquisition of this rail line will SEVERELY change the dynamic & safety of our village. I have currently invested a substantial amount of money into expanding my downtown location to over 6000 sq ft & Lake Cook. If this passes, it could prohibit my students in getting to class & therefore impacting my ability to continue to run my business & therefore pay my owed debt. There is no upside for our town in regards to this railroad.

I am also the parent of 3 Barrington school aged children. Two currently cross the railroad daily (2x a day) I am horrified by the possibility of them getting injured when there will be a shorter window between trains and they need to get to school - I have no interest and only negative consequence regarding this acquisition -
