To Whom It May Concern:

I am a resident of the New Lenox Illinois area, who is extremely concerned and opposed to the EJ&E railroad being brought through our town. I oppose this because of the population in our area, which will be impacted by the number of trains coming through on a daily basis, causing danger to our community with the Hazmat issues, the traffic concerns, and emergency response due to so many trains. The cost of the crossing improvements being passed to the citizens in taxes which never stop rising. The noise is of great concern to me as well. This will come less that a block from my home. Which will cause reduction in the sale of our homes.

Please take this into consideration.

Sincerely,
June Bellina
