Hi Rick,

I think that this list looks pretty comprehensive. The only thing I might add - and this may be unnecessary - is that the National Park Service manages cultural resources for portions of Kennedy Space Center/Merritt Island National Wildlife Refuge. This may not be the case for this project area, but I wanted to point it out. NASA-KSC will probably know for sure.

Best,
Tim

Hi Tim,

Thank you for the very informative letter. Attached is our current list of consulting parties for the Port Canaveral Rail Extension. We wanted to get your feedback if you think there are any other consulting parties we should add. Perhaps I could give you a call, just to step through and make sure we aren't missing any.

Thank you,
Rick

Mr. Navecky,

Thank you for consulting with the Florida State Historic Preservation Officer regarding the proposed Port Canaveral Rail Extension. Please find attached my comments on the NEPA scoping documents and the initial Section 106 consultation. A hard copy will follow in the mail. Please let me know if you have any questions. I look forward to working with you and your colleagues as this project moves forward.

Best,
Tim
