There are two significant issues from our perspective noise and traffic. A four or five fold increase in rail traffic would add tremendously to the noise in our area. Vibration from passing rail traffic would also be very objectionable.

Having that many trains would block traffic at 1/3 of the east-west roads from Aurora to Naperville on a consistent (hourly) basis and would be very disruptive.

The proposed new 204 High School backs to these tracks. That much traffic would be very negative for peace + quiet at the school
