Re: Olin Property, Wilmington, Massachusetts

Dear Ms. Johnson Ball:

As Parents of two boys 6 and 5, I am outraged to even have to write a letter such as this. Since we have moved to this community we have had to fight for the right for safe water and environmental justice. We already have had to shut down wells in our town, we have a landfills and a super-fund site and we are part of a childhood cancer study. The site for this proposed transfer station has been a problem for all of us and I say we have suffered enough. We do not need trash or any other waste brought into this town. I want my children to be in a town that is safe - not a dumping station. Please put a stop to all

PLEASE HELP OUR TOWN!!

Sincerely,

this anxiety, worry & frustration - we already have our share from bad decisions for companies being able to do business in our small town.

Justine Marguard
