

080215 Nickels

My name is Julia Nickels. My address is 5322 Mountain Road, Dreary Indiana 46403. I just saw the advertisement on my government station stating that if you do not want waste material to pass through your city on a railway, to call and say something. I would really not like to know that waste material, dangerous waste material, would be passed through the city that I live where some of the particles or fumes would be in the air that would cause danger or due harm to myself, my children, my husband and my grandchildren who all live in the city. I think that when we want to dispose of harmful things, we should try to find a way to do so without involving people who are innocent or unaware and who are unprotected against the elements that could cause them harm. Thank you.
