Mark -

A petition would be added to the public record like any other comment documents (e.g., written comment letters, transcripts from oral comments).

Thanks,

Dave

Subject: Petition

Hello David,

I know that we can E-file, mail or voice concerns at scoping meetings in regards to the GLB project. Can we circulate a petition against the GLB project and send that petition directly to you? We would like to circulate such a petition but do not want to spend the time and energy if it falls outside of the parameters of communication.

If the answer is yes then we would like it to be added to the public record just like an e-filing, letter or oral comment. Please advise.

Thanks for your time,

Mark Melin
