Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

On any given day, I travel over at least three of the
seven EJE railroad crossings. At work, I am delayed by
train about once a week. If 20 additional trains are allowed,
traffic congestion will certainly impact my daily life significantly.
I have grandchildren going to school in the Barrington area,
whose safety could be compromised on school buses during the
regular school year. Air pollution is a serious issue for
me, and allowing more train traffic will certainly impact my
health negatively. I shop regularly at Barrington store.
If there is increased traffic congestion, I'll most likely
avoid Barrington store, which will certainly impact local
sales taxes. I'm not concerned about safety and health
impacts on our community. ~~Stop~~ Any delays getting to
Good Shepherd Hospital could be a major issue for me,
considering my current heart ~~cor~~ problem. Needless to say,
my family and I are completely against CN's purchase
of the EJE railroad line.

YOUR INPUT IS IMPORTANT!
