July 19, 2007

ABANDONMENT TYPE

The time for comments on the Environmental Assessment (EA) has expired in this:

(X) Notice of Exemption () Petition for Exemption () Regulated Abandonment

(X) **NO NEW COMMENTS WERE RECEIVED**

() **NEW COMMENTS WERE RECEIVED**

SEA served an Environmental Assessment (EA) for this proceeding on July 3, 2007 for public review and comment. In the EA, SEA recommended one environmental condition and concluded that the proposed action would not significantly impact the quality of the human environment.

Conclusions

The EA comment period has ended. Accordingly, SEA recommends that the following condition previously recommended in the EA should be imposed upon any decision granting abandonment authority:

CSX Transportation, Inc. shall notify the National Geodetic Survey (NGS) at least 90 days prior to beginning any salvage activities in order to plan for the possible relocation of geodetic station markers by NGS.

If the above condition is imposed, SEA believes that the proposed action will not significantly affect the quality of the human environment.
