1 MR. KILAYKO: Mark with a K,
2 K-I-L-A-Y-K-O.
3 other than the obvious concerns
4 that have already been raised numerous times

5 relative to pollution, safety, risk of injury to
6 people.

7 One of my biggest concerns is we
8 talk about mitigation and CN potentially working
9 with the village, what does that actually mean?

10 You know, you look at the maps and
11 see where we're going to have increases in decibel
12 levels to a point where it's significant, it can
13 be damaging to people's health. But what does it
14 really mean in terms of a commitment by CN when
15 they say they'll work with us relative to
16 resolving that and bringing down the noise level
17 or eliminating the problem?

18 I think that needs to be addressed
19 before anything is ever approved.
