Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: Aug 27 2008

Comments must be submitted by September 30, 2008.

I am very much against the increase of trains being brought through our town. We are already burdened on a day today basis driving through our village. We have moved to Barrington 4 years ago after having lived here over 20 years ago. The traffic in our town is terrible and impacts my ability to go through the village - It at times has taken 15 hours to get through main street from my home 3 miles away. The fact that nothing has been done to increase parking at the Haas & that the tracks are at ground level causing traffic issues deeply affects our quality of life here. I know that if I were moving here today with this issue I would never pick this village. That to me speaks volumes. Any decision to further impact our stressed traffic & mobility to get around will have a terrible effect on this area. We also have huge concerns if an emergency happens & vehicles can't get through to people we need —

YOUR INPUT IS IMPORTANT!
