I'm in favor of the purchase of the EJ&E line by CN, it's just another stop light if you have to get stopped at a train crossing, it's just like another stop light and there's no big wait on that than anything else. So I think it's fine, it's not going to be that much longer than anything else with all the traffic we got. I mean, you take some traffic off the road, which would be good. So, I'm in favor of it. Do it. The sooner the better.
