Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: Aug. 27th 2008

DEEP

To whom it may concern:

I believe that the addition of these railway trains will be a bad decision for the good of the community as a whole. 50 million dollars will be at the taxpayer's expense due to the addition of these trains. Two Barrington High School students have died because of train accidents. This was a horrific loss to the community. Traffic will increase dramatically due to railway accidents. Please listen to all the concerns of the Barrington community. Look at your own families and how YOU would feel if something as ~~disastrous~~ ~~horrible~~ as this came into your own lives. Do not do this to the Barrington ~~Chicago~~ community and look ^{for} what is better for everyone, not what it will help for your own personal benefit. In the end ~~the~~ good will win.

A concerned student,
~~Barry~~ Barrington High School Tennis Team
