DHX, Inc.

Plaintiff,

v.

Matson Navigation Company, Inc. and
Sea-Land Service, Inc.,

Defendants,

Docket No. WCC-105

**Unopposed Motion to Late-File Public Version and to
File Corrected Highly Confidential Version of
Horizon Lines, LLC.'s Reply Statement**

Defendant Sea-Land Service, Inc., now known as Horizon Lines, LLC ("Horizon"), through its undersigned counsel, hereby moves the Board for permission to late-file the Public Version of its Reply Statement and to file a corrected Highly Confidential Version of its Reply Statement in the above-referenced matter.

On 23 December 2003, Horizon timely filed a Highly Confidential Reply Statement that contained extensive references to DHX, Inc. financial data protected from public disclosure. At the time of the filing of the non-public version, Horizon agreed with DHX, Inc. that Horizon would allow DHX counsel to review the draft public version to ensure that DHX, Inc. agreed with Horizon's decisions concerning the masking of potentially sensitive commercial information. That process has been completed and Horizon now seeks Board permission to file a public version, a version that accommodates DHX Inc.'s concerns about potential adverse impacts of public disclosure of certain information.

At this time we also seek Board permission to file a corrected Highly Confidential Version of the December 23rd filing. The corrections to the Highly Confidential Version are typographical in nature, and contain no substantive revisions. We respectfully request that the Board return or destroy the previous copies of the Highly Confidential Version and replace them with the corrected versions.

Counsel for both Matson and DHX, Inc. have been contacted and have authorized us to state that they do not object to the grant of the relief requested in this motion.

Respectfully submitted,

C. Jonathan Benner
