Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

I am fundamentally ^{opposed} because of the home values dropping immediately. My husband & I just built a home 1 1/2 blocks from the EJE. We consider it our life long investment. It was appraised at \$925,000. We fear an eventual 30-40% drop in home value w/ this acquisition.

My children have to walk to Barrington High School across the EJE tracks. I also have a special needs daughter who would ^{not} sit on her bus for long, unnecessary periods of time to & from school due to trains & traffic backed up.

I am very concerned about the at grade crossings in Barrington at Lake Cook, Route 59, & Route 14. Traffic is already difficult in Barrington.

A foreign company should not be allowed to literally destroy our community without our permission. This should be illegal.
