Dear Sir,

Rail tract lines do not benefit anyone in the area, they don't pay taxes to the area they ruin. They make life unsafe and harder for drivers, home owners, and emergency vehicles. Tracts hurt land use's for the surrounding area. ~~that~~ That will impact wildlife, fishing, wet lands farming, lakes, streams, & ponds, also woods & recreational areas.

This part of IN. is farming, orchards, and lots of farms and homes will be destroyed. A different Rail line then is, what now is used ~~now~~. Why? Bad Idea! We are telling our State and Federal Reps to vote NO, this tract is not needed.

Sincerely David J. Floyd

P.S. Check and see what this did in Dupage, IL. We moved - Crossing are still being blocked for more than the legal 15 min. They just pay the fine's - You can sit for 30 min, they don't care -
