Dear Canadians/ To whom it may concern,

The decision you are about to make will affect the civilians of Barrington in a way that will stop our way of life. The traffic these trains ~~will~~ cause can lead to critical conditions such as holding up ambulances, fire trucks, and our law enforcement workers. Thus concluding ~~the~~ having our community more hectic. Also, the trains will hold up students on our way to school giving us less time in our school day. Why should we put our lives on pause just for trains? I am asking you... Is this worth losing a life in an ambulance, having help for a fire be too late, ~~letting~~ letting criminals get away, or even taking learning out of our school lives? You need to think about who this really will effecting before you go ~~and~~ turn our peaceful town into a hectic ~~out of~~ out of control train for all town!

Thank you for your time and please stop this decision!
Love, Alia & BHS Tennis =)
