Re: Docket No. FD 36633, Louisiana 23 Development Company, LLC –
Construction and Operation Exemption – Plaquemines Parish, La.
Request to Extend Suspension of Review for 90 Days

Dear Ms. Gosselin and Mr. Assenza:

Thank you for your patience during the current suspension of the environmental review process. As discussed on the phone, we are asking that the suspension be extended for 90 more days.

It is taking longer than we hoped to resolve the internal questions that caused us to request a suspension in April. But recent developments in Plaquemines Parish make us optimistic that a resolution is in sight. If one happens before the end of our proposed 90-day extension, we will let you know.

As before, we propose that our responses your most recent information request be due 15 days after the review process resumes.

Thank you again for your patience while we work to move the project forward.

Sincerely,

Jay C. Johnson
