815-485-8984. I went to a public meeting or rally last night in Lincoln Way Central High School and I'm really disturbed by the possibility that the EJ&E can come in, can be taken over by, by the Canadian National Railroad Company. It's just the amount of money it's going to end up costing this town and me, I know it, it's going to be astronomical. There doesn't seem to be much of any assistance at all offered by them and I'm, frankly I'm 68. actually I'm going to be 68 next week, supposing I have an emergency? I'm not going to be able to get to the hospital real fast because these trains are going to be running potentially 2 miles long and they're going to be continuous. I just, um I just, I'm really upset by this, I didn't think it would ever be possible for a foreign company to come in and basically take over my town that way and basically say that I had no rights. I appreciate a call back, if need be. I'm retired, I'm newly retired. I will be at the meeting in Joliet tonight also. Thank you for listening to me. Bye bye
