Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8-27-2008

I am most vehemently opposed to the CPD coming into our community - I don't want them to purchase the EJ & E. The safety of our children, community, will be compromised - It will be the death of Barrington - We have enough trouble now with traffic and merchants trying to make a living - We have an enormous traffic problem now and the presence of 20+ trains per day will be a nightmare.

[illegible]

Joliet
