

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: Aug 27 2008

Is a mother of two school-aged children and a registered nurse in the Emergency Department at Good Shepherd Hospital. I am strongly opposed to the CNL acquisition. I speak on my family's behalf when I express my concern about the EMS response time in light of the possible acquisition. To think that my children's potential transport to emergency care could be negatively impacted due to commercial gain. I am gravely concerned for not only my family but my community as a whole. Too many lives will be endangered with prolonged EMS response time. Please do the decent and RIGHT thing.

VOTE NO for the 6th acquisition
