Railroads Involved:

EJ&E and CN Railway

Location of Problem:

Purchase of EJ&E by CN

Name of Industry at Location:

All

Serving Rail Carrier at Location:

Chicago suburban area

Dates Problem Occurred:

N/a

**Comments:**

I am opposed to the sale of EJ&E to CN Railway.

The proposed sale will result in significant vehicle delays at rail crossings on our already congested roads. (Increasing from the current 16 trains/day to 42).

Emergency response time will be impacted, along with noise, vibrations & pollution ( and Chicago area air quality is already an issue).

Commuting time will also increase, wasting precious fuel in a time of increasing fuel costs.

It is time to reduce the congestion in this area, and this sale will contribute to environmental destruction.
