TO STB - P. Johnson-Ball;

I am a concerned resident
of New Lenox, Illinois.

Though I am not out to stop
progress, I do have a concern
for my fellow citizens & family
regarding safety, inconvenience
and especially cost - when
it comes to bringing ETCE
through town - more frequently.

Most of us are of average
income. And, could not burden
ourselves with additional fees
for overpasses & underpasses at
selected crossings.

I ask that STB order
CN to pay for this -
since they are ones
benefitting by it!

They have
lots of money -
we don't!!

Sincerely,
Mrs. Laurie
Tracy
Thank-you
