

Docket number FD 35952

April 13, 2016

Dear Sir,

I am writing in opposition of the proposed GLBT rail line through Rock County.

The proposed route would put my home and farm in danger if and when oil or hazardous materials are spilled. The contamination of my water supply would be disastrous to my family's health and the health of my livestock. My crops and woodland would be harmed, causing a significant decrease in my income.

There are no benefits for any of the people along the proposed rail line. Only heartaches and hardships. The noise of the trains would ruin our quiet countryside. The wildlife would disappear from the area. My grandchildren wouldn't be able to play and explore in the woods because of the dangers caused by the trains so close. Please don't let this happen.
