

8-12-08

To: Surgeon Transportator Board

From: Very Concerned Residents
Plainfield & Romeville, I.L.

Please help us prevent CN Railway
from destroying our communities
and way of life.

The railroad will separate
us from Doctors, Church, Schools
family, shopping. We will be
waiting for long periods. burning
gas we can't afford. We would
be to more pollution and waste
materials. we now have poor
quality air due to extensive
traffic. Our home value would
drop, and would not be a
very desirable location to raise
a family.

Your help will be deeply
appreciated
