Please refer to STB Finance Docket No. 35087 in all correspondence addressed to the Surface Transportation Board. Comments must be submitted by February 1, 2008.

We are very concerned with the proposed acquisition of the EJ+E line by Canadian National Railways given that our community (Barrington) will be most affected by the acquisition.

As parents of 8th grade students who will attend Barrington High School in 2009, we are concerned about the safety issues involving the EJ+E crossing near the High School on Lake Cook Rd.

CN's proposal to run 20 trains through Barrington will likely cause congestion + impact the environment; above all, we believe it will diminish the safety of our community due to the increase in freight traffic through Barrington.
