

080211 Charroll

Diane Charroll. Address 1450 Charlevoix Way, Schererville IND 46375. My comment are: we need a sound barrier to tone down the noise. We need the trains/the tracks maintained. A plan to deal with hazardous materials going through our residential areas. We need to have . . . there must be . . . the Canadian Railroad must have purchased track time because there has already been an increase in trains and it is making noise and it is also tying up traffic that goes across the street that I go out on all the time very close to my house. That's all the comments I have for now. Thank you. Bye.
