Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: Aug 27, 2008

Comments must be submitted by September 30, 2008.

This is the worst idea possible for Barrington

Here is why -

1. The town struggles with keeping businesses here. This plan will be the nail in the coffin - NO NEW BUSINESS.
 2. We are 76 and 64 yrs old. If we need Emergency care we will DIE waiting for your trains.
 3. Our fire department will now be CUT off from us.
 4. Our property values will plummet. Need Retirement?
 5. Our school children will be controlled by your trains. - 825 crossings per day.
 6. Everyone thinks this is a DOME DEAL - the bottom is the money you will make from this deal - on our backs.
 7. You offer 5% toward mitigation (\$30 million for an overpass) & the rest comes from taxpayers! Give us a break.
 8. No hazardous waste should be on the rail line.
 9. It is a planned effort on the part of B+C Business to control our community.
 10. Make new tracks around our city.
 11. Barrington's Jewel Foods will die awaiting your trains - we will go elsewhere to do our shopping and eventually MOVE OUT if this comes to pass.
