I have several concerns.
 (1) Since this will be literally in my back yard, a very residential area, I am concerned about the substantial & in hazardous waste & the potential for accidents. I hope if this plan goes through extra safety plans, precautions & pretenses will be implemented.

(2) I am a big proponent of mass transit and am concerned that if CN acquires these routes the Metra STM line will not become a reality.

(3) Finally, I am concerned about the ability of emergency vehicles to get to some destinations blocked by tracks that currently do not have an alternative route available (overpass, etc). Thanks
