I am opposed to the acquisition of the EJ&E by Canadian National Railroad for the following reasons:

- 1.) The increase in the amount of trains per day from 4 to 22 will cause excessive traffic delays on Smith, POWIS and ARMY TRAIL roads. This is our transportation road into the towns of St. Charles and Geneva for shopping, Restaurants, etc.
- 2.) Our fire and EMS responses from the West Chicago Fire Department will be delayed by the rail traffic thus causing them to travel several extra miles to respond to our homes in the event of an emergency.
- 3.) More train traffic means a greater chance for a hazardous chemical spill requiring us to evacuate our houses and the neighborhood in general. A large spill would also cause an environmental impact on the surrounding forest preserve and wild life.
- 4.) Increased train traffic means more noise in our neighborhood from passing trains and horns.
- 5.) More train traffic also means more diesel fuel smoke emissions polluting our clean air.
