2 I'm strongly against it due to the
3 hazardous materials that could be carried
4 on the train system, and due to the fact
5 that it's so closely located to Wayne
6 Elementary School, where we have three
7 young children there. So we are concerned
8 about their health and the number of
9 evacuations they might have to do.

10 And also for the quality
11 of traffic, what would that do for our
12 traffic? Considering that they ride the
13 bus every day, how would that affect their
14 bussing system or route, and the noise?
15 That's it.
