**Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company**

STB Finance Docket No. 35087

Date: Aug. 25, 2008

Comments must be submitted by September 30, 2008.

I am very opposed to this acquisition due to the negative impacts the additional train traffic will have on communities along the way. My concerns are the extended wait times for ambulances, police cars, school buses, and the general public at all the ground level crossings. This will split our village into two halves.

Additionally, I have read about negative impacts on U.S. ports and security of imported goods should this Canadian company start bringing foreign goods in through Canadian ports rather than U.S.

How can we allow this purchase without requiring the CN to pay for the millions of dollars to mitigate these negative impacts on residents?

YOUR INPUT IS IMPORTANT!
