Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

CN | EJ&E

Environmental Impact Statement

Date: 8.27.2008

Comments must be submitted by September 30, 2008.

To the STB:

My original comments were submitted prior to the release of the DEIS.

I cannot sufficiently express my concern to CN's proposal. Our town will be paralyzed by mile long trains, lives will be at risk as the closest medical facility, depending on where one lives, may be on the other side of the tracks. A significant number of us commute via METRA to save gas, time; not after the CN transaction - it will too be stopped. Not to mention, as a member of the shrinking, helpless middle class our home is our top investment; not with CN controlling the EJ&E line. We will lose our future well being and see our investment decrease in value.

We plead you - do NOT approve the CN acquisition.
